Hello:

The site is located at 305 E. Cottonwood, Leonard, TX. You will not need to do anything but observe what is going on. I can brief you when you get on-site, please let me know which day or days you may be on-site.

Thanks
Gary Moore

Gary – wanted to let you know that Madison and Pratistha are both interested and available in joining you at the FJ Doyle site next week to assist you with the sampling activities. Madison is scheduled to be on phone duty next week and will need someone to cover the phone during the day. They will be utilizing a GOV for travel to the site. Please share with them the address for the site and any information they may need to be prepared to assist you next week.
